

Honoree: Senator Ralph Anderson

Senator Ralph Anderson was very concerned about safety. He fought to have the helmet safety law adapted in South Carolina.

Grade Level: 1

Subject: Mathematics

SC Standard: Operations and Algebraic Thinking 1.OA

Represent and solve problems involving addition and subtraction.

1. Use addition and subtraction within 20 to solve word problems involving situations of adding to, taking from, putting together, taking apart, and comparing, with unknowns in all positions, e.g., by using objects, drawings, and equations with a symbol for the unknown number to represent the problem.
2. Solve word problems that call for addition of three whole numbers whose sum is less than or equal to 20, e.g., by using objects, drawings, and equations with a symbol for the unknown number to represent the problem.

Goal Objectives: To solve problems involving addition and subtraction.

- 1) Students will add and subtract within 20.
- 2) Students will work with addition and subtraction equations

Steps/Strategies: Use the count on or count back strategy.

Activity One:

How many  can you see?

How many  are crossed out?

What number comes next?
8, 9, 10,

What number comes next?
16, 17, 18,

Activity Two:

Draw and color your own safety helmet.

What would life be like without helmets?
